

Remote Learning Agreement

This document provides information in the event of a whole-class, or whole-school isolation.

<p>How will your child access remote learning? In the event of a whole-class isolation, or National Lockdown, we ask that children access teaching through the use of Tapestry or Google Classroom. These applications can be accessed using a smartphone, tablet or laptop. We can support you with accessing these platforms if necessary. Children will have had training in school on the platform and how to navigate around it.</p>	<p>What teaching will be accessible to my child? Each day, there will be lessons uploaded to Google Classroom and Tapestry. The work can be completed either on the resource or on paper and submitted to the teacher. In addition, children can message their teacher on Google Classroom or Tapestry to discuss their work. In addition, there will be lessons from Oak Academy and other resources eg SCARF, Picture News or Charanga posted for children to access at home.</p>	<p>What if my child can't access the teaching online? If children cannot access the lessons due to individual circumstances, they must let school know. Please let the class teacher know as soon as possible and explain why. Arrangements can be made for children to have access to a laptop or device in order to access the online learning. Should you need to hire a laptop or tablet, please do let us know as soon as possible and this can be arranged.</p>
